

HP LaserJet 1012 Printer

Today's busy professionals need to save time, costs and valuable workspace. The HP LaserJet 1012 printer gives you competitive edge without compromising the high quality you've come to expect from HP LaserJet printers.

Economical

- **Your documents look sharp, crisp and professional.** Get high-quality printing with advanced toner and up to 1200-dpi effective output.¹
- **Get started right away with included toner cartridge.** Count on optimal print quality throughout the life of the included HP LaserJet toner cartridge. The cartridge is easy to recycle through an environmentally conscious return program.

Compact performer

- **Maintain your valuable workspace.** Compact and convenient, the HP LaserJet 1012 printer is half the size of most laser printers so it fits easily on a shelf or any small, convenient space.
- **Fast results are easy with all documents.** See immediate printing results with print speeds of up to 15 pages per minute.
- **No-wait printing keeps you ahead of the game.** With the first page printing in under 10 seconds using the instant-on fuser, you do not have to wait for your printer to warm up.

Effortless

- **Get working fast right out of the box.** Enjoy a hassle-free setup with USB connectivity ensuring easy installation and simple user interface.
- **Concentrate on your business, not your printer.** Get reliable printing with a monthly duty cycle up to 5,000 pages and a one-year limited warranty.
- **It works in your existing environment.** The HP LaserJet 1012 printer supports Microsoft® Windows® 98, Me, 2000 and XP and is also compatible with Macintosh OS 9 and OS X.

HP printing and imaging systems help you create powerful, professional communications easily. Printers, supplies, accessories, digital solutions and services are designed together to work together and invented to meet your business needs.

¹ 600 x 600dpi with Resolution Enhancement technology (REt) and FastRes 1200.

Get the convenience of personal printing with the professional quality and performance that only comes from HP LaserJet printing.

Single-user laser printing with an infinite number of applications

Discover the advantages of personal HP LaserJet printing in any office environment. The HP LaserJet 1012 printer offers desktop laser printing for small businesses, home offices and single users in corporate environments. The sleek, compact design fits seamlessly into your working environment without requiring you to reorganize your workspace. It's designed to be simple to both set up and operate, so you're up and printing professional quality documents in no time, right out of the box. It's an affordable solution that instantly becomes a welcomed addition to any office environment.

How can the HP LaserJet 1012 printer improve your bottom line? Here are just a few examples:

- **Real estate professionals**—Print listings for clients or multiple copies of property flyers for open houses, direct mailings or buyer inquiries.
- **Travel agencies**—Quickly print detailed itinerary and travel options for clients.
- **Medical practices**—Keep on top of invoicing, patient files and other daily printing needs.
- **Accounting firms**—Get immediate printing of tax forms and other important client information.
- **Telecommuters**—Always present a professional image with your printing even when you're working from home.
- **Temporary offices for the construction industry**—Easy installation and compact size allow you to pick up and go to the next location without hassle or compromising your printing.
- **Home offices**—It's never been this easy or affordable to bring laser printing into the home office.

- **Single users in corporate environments**—Print confidential and draft documents in your office, for your eyes only, then print the final copies for presentation to your colleagues, clients and other customers.

The HP LaserJet 1012 printer fits perfectly into any office environment that wants to impress its clients with great results and improve its bottom line with laser printing at an extremely affordable price.

Robust, host-based printing

The HP LaserJet 1012 printer is host-based, meaning it relies on the host computer to render a print job before it is sent to the printer. The benefit of a host-based printer is powerful printing performance at an extremely affordable price. The printer comes standard with 8 MB of RAM so you can rely on the HP LaserJet 1012 printer to process large jobs with relatively little slowdown in computer operation.

The right media makes the right impression

Don't be convinced that all paper is the same. To convey the correct image with all your business communications, you need to present your message in the most professional manner possible and the right media can help.

HP engineers its paper and media products with this need in mind. Our complete line of products guarantees you will find the right media for your specific purpose and printer. Having the right tools saves time and money because you don't overspend on materials. You also know that the paper you choose will work flawlessly with your equipment thereby reducing your intervention and maintenance. See the ordering information section on the back page for a list of media designed to work with the HP LaserJet 1012 printer.

HP LaserJet 1012 Printer
