Experience lasting value with the HP LaserJet 2400 series printer, a reliable, easy-to-use printer for small workgroups.

Ease of use

- **Increase work team productivity.** The intuitive, two-line control panel comes with a built-in help function, simplifying print job management. The print cartridge is easy to use and maintain: with HP Smart printing technology,[1] receive automatic alerts when the cartridge is low and take advantage of convenient online ordering with HP SureSupply.

- **Enjoy a printer built for sharing.** The network-ready models include an HP Jetdirect Fast Ethernet print server embedded on the device formatter board, which leaves the EIO slot open for even more connectivity options.

- **Save time with remote management tools.** HP Toolbox offers a user-friendly interface that helps you monitor the printer and provides one location for all printer information, including documentation and self-help. The HP Embedded Web Server enables one-to-one network printer management, while HP Web Jetadmin helps network administrators manage fleets of peripherals.

- **Rely on a trusted and familiar product.** The HP LaserJet 2400 series printer offers a familiar user experience and industry-renowned HP LaserJet innovation and reliability.

Professional results

- **Enhance your business image.** 1200 by 1200 ProRes print quality provides consistently clear, sharp detail on a variety of HP papers. With HP Smart printing technology[1] in the printer and supplies, printing properties are automatically adjusted for consistent quality and reliability.

- **Experience effortless performance.** The fast 400 MHz processor lets you quickly print even the most complex documents. And the printer can grow with your business: the models come with a base of 32-64 MB Dual Data Rate (DDR) memory, expandable to 288-320 MB. The industry-standard in memory technology, DDR memory provides better performance while reducing power consumption.

Value-packed printer

- **Streamline your business printing.** The printer delivers up to 35 pages per minute (ppm) and the gets the first page out quickly with Instant-on Technology.

- **Be flexible.** The HP LaserJet 2400 series printer handles a broad range of paper sizes and types with a 100-sheet multipurpose input tray and a 250-sheet input tray. Increase your maximum input capacity to 850 sheets with the 500-sheet optional input tray for more paper options, less intervention, and time savings. Plus, automatic two-sided printing offers greater finishing capabilities and reduces printing costs.

- **Add printing capabilities**. Use the two available Compact Flash slots to enable third-party solutions and take advantage of the convenience and value of more font choices, intelligent e-forms, secure printing, barcode printing, SAP/ERP solutions, and job accounting solutions.

- **Get added value with an environmentally-friendly product.** Designed with the environment in mind, the printer has met stringent requirements to reduce energy consumption, noise levels, and chemical emissions. In addition, the printer is designed for long-term usage, accommodates recycled paper, and has parts and supplies that can be returned and recycled through HP's take-back program.[2]

HP printing and imaging systems help you create powerful, professional communications easily. HP printers, supplies, accessories, and services are designed to work together and are invented to meet your business needs.

An easy-to-use, cost-effective, reliable laser printer for small workteams.

Lasting value

A number of elements designed into the printer contribute to significant cost savings over time. Genuine HP LaserJet Smart print cartridges[4] provide reliable operation and professional print quality, minimizing user intervention and improving productivity.

No matter which model you choose, the printer is expandable to meet the needs of your growing business:

- Increase office productivity with more memory, additional fonts, and third-party Compact Flash solutions, such as intelligent e-forms, secure printing, barcode printing, SAP/ERP solutions, and job accounting solutions.
- Spend less time loading paper with the optional 500-sheet tray for a total input capacity of 850 sheets.
- Enjoy the ultimate in printing flexibility and freedom with HP's industry-leading mobile and wireless printing solutions. The printer supports HP Jetdirect 802.11b/g wireless Ethernet print servers, the HP Bluetooth® wireless printer adapter, and the HP Mobile Print Driver for Windows®, a common driver for basic printing to nearly any HP printer. For more information, go to www.hp.com/go/mpd4w.

[4] Using genuine HP supplies ensures availability of all printing features.

By far the biggest contributor to user productivity and lower costs is the reliability of HP equipment, support, and service. For over a decade, Hewlett-Packard has consistently received the top grade in PC Magazine's Service and Reliability Survey and recently received one of the first-ever A+ ratings.

Easy to integrate and use

Designed for easy use, the HP LaserJet 2400 series printer is simple to operate and maintain—a feature that is crucial for small businesses, which often do not have IT support. The HP LaserJet all-in-one print cartridge simplifies supplies management and makes it easier to maintain the printer.

Legendary HP service and support

HP offers a variety of support options to assist you in the setup and maintenance of the HP LaserJet 2400 series printer. Start with a one-year, return-to-HP limited warranty backed by free telephone and Web support from the award winning HP Customer Care. To customize the printer for your unique business profile, consider upgrading service and support options such as installation, network installation, advanced maintenance, and post-warranty support.
